

Make a Difference Day

Help us by collecting Box Tops for Education and sending them to school with your children!

We are participating in the 5th annual national "Make a Difference Day!" Sponsored by Areyvut, an organization supporting gemilut chesed (social action) initiatives, "Make a difference Day" is designed to encourage active involvement in community service. The national theme this year is "health and wellness". Schechter Westchester's second graders have been collecting Box Tops for education all year and donating the proceeds to St. Rita's Free Medical Clinic in Mamaroneck. Now all our students can get involved in this project.

St. Rita's provides free medical care for the uninsured. Each Box Top is worth ten cents. For a complete list of products participating in the program, please visit www.boxtops4education.com
You can also write get well cards to patients at St. Rita's.
